The history of Scots Pine in our country does not do justice to its worth. Where seed of known parentage has been used, Scots pine has grown very rapidly into straight and healthy trees no more susceptible to disease or insect damage than indigenous pine species. We are convinced that its advantages in American forests are as pronounced as they are in European forestry.

Victorious All Double dwarf fringed giant flowered.

Last year's seed is sold out but the 1937 crop should be ready for distribution from New York in 30-60 days. Subject to safe arrival, we quote:

Victorious—Bright Amaranth Red, Gaiety, Loveliness, Pure White, Purple, Rosy-Carmine, Venosa, White with Blue Vein, Mixed colors.

Trade Packet \$2.00      1/64-oz. \$6.25      1/32-oz. \$12.00
